

GET NTO Make it easy on yourself to Move More in cold weather with these tips and tricks. **WORKINGOUT**

1. Make It Yours

Lean into your own personality to get into the groove. Your favorite music, your ideal time of day and activities.

2. Stay Supported

Make sure you have the right gear for each activity for added comfort and support. That may mean a new moisture-wicking shirt, sports bra, or shoe inserts.

3. Break It Up

It's OK to break up your total physical activity goal into shorter sessions. Aim for at least 150 minutes per week. 10-minute bursts a few times a day can get you there without feeling overwhelming.
