

**THE HEART OF
PITTSBURGH**

LEADING WITH HEART

*Thank you to our
Heart of Pittsburgh Chair*

The American Heart Association is pleased to announce David Heaton, President & CEO of The Buncher Company, as Chair of the Heart of Pittsburgh (formerly known as Heart Ball) 2021-2022 campaign.

Dave has been involved with AHA for many years, proudly joining the American Heart Association Greater Pittsburgh Board of Directors in 2020. The mission is personal to Dave, "I am excited about the Heart of Pittsburgh campaign and the opportunity to tell you about how the American Heart Association has helped my family and how we hope this campaign can help many more."

The American Heart Association is close to Dave's heart, see why [here](#).

The work of the American Heart Association is needed now more than ever. COVID-19 has magnified health issues and challenged communities unlike ever before. Among the most vulnerable populations are those living with chronic, underlying conditions such as heart disease, stroke, diabetes, and high blood pressure. Additionally, nearly half of American adults have high blood pressure and many don't know they have it.

As Chair of the Heart of Pittsburgh campaign, Dave's commitment to focus on reducing hypertension in Greater Pittsburgh will make an extraordinary impact on the health and well-being of our friends, neighbors and loved ones.

Thank you, Dave, for your leadership and commitment to a healthier community through the Heart of Pittsburgh campaign! The next digital campaign experience will be held on Thursday, June 10, 2021.

Dave Heaton
